

The U.S. Small Business Administration's West Virginia District invites you to participate in our online and on site training program as we present...

"Everything You Wanted To Know About SBA Lending But Were Afraid To Ask!"

Learn about SBA's loan programs without leaving the comfort of your office. This online training program, conducted by staff members, will provide opportunities for you to present questions you may have about SBA's loan programs. Be it 7(a), SBAExpress, CAPLines, Export Working Capital, International Trade, 504, or the Microloan programs, the staff is here to help answer any questions or concerns you may have.

The program utilizes the ReadyTalk conferencing system and allows you to participate in the training over the telephone and Internet. The training will be scheduled on an as requested basis and can be tailored to meet your specific need. You only need to contact someone from our Capital Access division to schedule the training. Our staff is also available and willing to provide any type of lender training at your location or a location of your choosing to as many loan officers or staff members as you deem necessary.

The ReadyTalk training is an online Internet and telephonic presentation. To reach the audio portion of the training you will need to call 1-866-740-1260 and enter an access code of 3039002 when prompted. To join in the Web Conference portion, you will need to access ReadyTalk at <http://www.readytalk.com>. Click on "Join a Conference" and enter the same access code of 3039002. (It's suggested that first-time participants test their browser compatibility prior to the call by accessing <http://www.readytalk.com/test.html>).

To schedule a training session, either using the ReadyTalk conferencing system or at your location, please contact Naomi Bassel at (304) 623-5631 ext. 225 or by email at naomi.bassel@sba.gov. We look forward to the opportunity of providing you as much training as you require on SBA's loan programs so that our small businesses will be able to obtain greater access to capital and enhance the economic development of West Virginia!
